

# Quarter-Turn Loose Key Valves and Kits

The latest addition to the expansive Quarter Turn Ball Valve offering includes an assortment of loose key valves and toilet & faucet kits.

**COMMERCIAL VALVE**

**LEAD FREE AVAILABLE**

Lead Free: The wetted surface of this product contacted by consumable water contains less than one quarter of one percent (0.25%) of lead by weight.

All Keeney Quarter Turn Valves include the following features:

- Solid Chrome Plated Brass Ball
- Brass Forged Body
- All valve bodies and components CNC Machined to our Engineering Tolerances & Specifications
- Solid Brass Stem
- Flow Rates 20% higher than ASME 112.18.1M Minimum Standard
- O-rings designed to be used at working temperatures ranging between -40° and 250°
- Teflon Seats - melting point of 621° Fahrenheit
- Valves made from Brass Alloy that complies with NSF61 Section 9
- 100% Pressure Leak Tested

- **TOILET & FAUCET Supply kits** include supply line(s) and flange(s)
- **Packed in an individual box** with separator to protect supply lines
- **Available with 5" Extension**

*Specially designed with the professional in mind, Keeney's new loose Key valves are available in a variety of sizes shown on back.*

Keeney Loose Key Quarter Turn Ball Valves are available with IAPMO and CSA approvals.

As per building codes, valves can only supply one appliance at a time. Local plumbing codes should be verified for application and use.
