

KEENEY

Secures garbage disposal and flange into position for one person installation

Plumber's Third Hand

**Garbage Disposal Installation Tool
From The Keeney Manufacturing Company**

The Leader in Plumbing Solutions

- *Supports disposal and holds flange in place*
- *Frustration free disposal installation*
- *Makes for a one person job*
- *Time and labor saving tool*

Description:

Garbage disposal installation and removal support tool. The Plumbers Third Hand allows the weight of the disposal to hold down the flange while installing the mounting hardware, and raises disposal off of the ground so both hands are free to complete the installation of the garbage disposal. Simple threaded shaft and spin down locking wing nut can be used by one person in crowded installation spaces and works with all standard garbage disposal designs. Let Keeney give you hand.
